JOHNSON C. SMITH UNIVERSITY

To the Class of 2001:

GREETINGS:

I am pleased and proud to extend greetings and best wishes to all of you—members of the staff of this annual, officers of the Student Government Association, student trustees, the student body writ large, administrators, faculty, and staff – through the medium of the 2000-2001 edition of THE BULL.

In our commitment to the students served at Johnson C. Smith University, it is fitting that we continue marching boldly into the new millennium dedicated to providing the best possible environment for teaching and learning. I have watched with pride the increased maturity and sense of purpose developed in the student body as it moved about the campus, serving in various capacities of increasing trust and responsibility. I commend you.

Finally, I commend the very fine editorial staff for 2000-2001, along with advisors, for the magnificent effort put forth to capture the essence of the next generation of excellence.

This pictorial depicting the life and activities at the University will be a constant reminder of your years spent here as part of the Johnson C. Smith University family.

Sincerely,

Dorothy Cowser Yancy, PhD.
President

Johnson C. Smith University was founded in 1867 by two young white Presbyterian ministers. Johnson C. Smith University sought to equip exslaves spiritually, morally and intellectually. Today more than 130 years later, it continues to prepare men and women in similar manner. Smith has continued as an academically strong and vibrant co-educational institution of higher learning that is fast becoming one of the nation's premiere and most progressive small colleges. The institution was founded April 7, 1867 as an Academy for the training of ministers, teachers, and

The Next Generation of Excellence on the Go !!!

Laughing with your friends in the residence hall room, talking on the phone to the wee hours of the morning, going to the cafe to get a cheeseburger for lunch, studying arduously for that final exam, getting dressed up to go to the JCSU basketball game to see those Golden Bulls throw down, or hitting that alarm clock at 7:00a.m to get up for an eight o'clock class are all part of - **STUDENT LIFE.**

Oh, student life encompasses so much for so many. Every student has one. It is impossible not to, especially at Johnson C. Smith University where there are so many organizations to join and functions to attend.

Moving from one residence hall to another, gliding from the library to the education building, or going to the cafe' party, students at Smith are always on the go.

We see ourselves going to Chicken King for a snack, Eastland Mall to get something to wear to the game, or downtown to look for a job or internship. It is these activities which help students to unwind and relax from academic pressures.

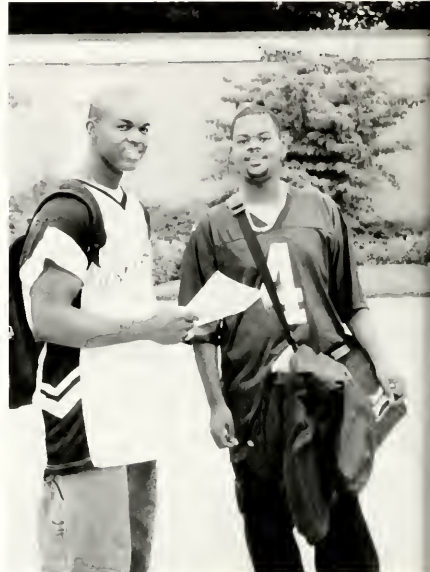

The students of Johnson C. Smith University are a family and a community of their own. Giving each other support, showing school spirit, or tutoring each other in academics is what student life is all about; it is sharing a part of oneself with another.

Typing a term paper at four o'clock in the morning, talking to a professor in his or her office, student life activities never end. There is always something that needs to be done or something to do, so-

Some effective study tips to remember:

- Make and keep a study schedule.
- Study in a suitable place.
- Organize all material before starting.
- Keep a careful record of all assignments

Set aside certain hours each day for class assignments. Why lose time phoning all over campus to find someone who knows the assignment? Remember to keep a assignment book. Learning to take good lecture and text notes will help you prepare for the test more effectively.

*We Miss and Love you
May Your Soul Live On!
When I Must Leave You*

*When I must leave you for a little while,
Please do not grieve and shed wild tears
And bring sorrow to you through the years.
But start out bravely with a gallant smile.
And for my sake and in my name
Live on and do all things the same
Feed not your loneliness on empty days.
But Fill each waking hour in useful ways
Reach out your hand in comfort and in cheer
And I in turn will comfort you and hold near
And Never, Never be afraid to die
For I am waiting for you in the sky!*

The 4-Year Change

Going through college is almost synonymous with going through changes. Whether you're at Johnson C. Smith University for four years, ten years, or just one quarter, chances are that the experiences you have had have affected who you are ___ and why you are that way.

Changes can be physical ___ ask anyone whose I.D. pictures bears little resemblance to him now or whose freshman year clothes are yards too big or sizes too small.

Through less obvious, changes in personality, lifestyle and personal beliefs also come about. Remember a freshman, the kid who never drank, cleaned his room and got up for church every Sunday? Did it surprise you two years later to see the same person in Mr. Pee's at 1:30 a.m. on a Sunday morning, surrounded by strange friends and every kind of mix drink you can name?

Think of your own experiences ___ the people you've met, the job interviews, the classes, the good times and bad. Think of what you once believed in, and reevaluate it now. Have you changed?

Perhaps you've grown as well.

Coronation Practice : 2000

The students worked very hard to make the coronation of Miss Johnson C. Smith University a success. They wanted their organizations to be showcased in the best light. They practiced, memorized, and rehearsed until they had the show just right. And on the night of the show everything did not go as planned, things went wrong, and people made mistakes. In the end the night was wonderful, the event will be remembered, and it will live forever in the heart of Angela Yvette Beasley, Miss JCSU 2000-2001.

WE GO TO CLASSES TO SEARCH FOR DEEPER MEANINGS, TO SEE IF WE CAN UNDERSTAND MORE FULLY OUR REASON FOR COMING TO COLLEGE. SOMETIMES WE ASK OURSELVES, SURELY THERE MUST BE MORE TO COLLEGE THAN TEXTBOOKS? SO WE JOIN A GROUP IN WHICH WE CAN EXPRESS OURSELVES. AN ORGANIZATION IN WHICH WE CAN FIND FULFILLMENT WHILE DOING THE THINGS WE LIKE. AND EVEN THOUGH WE JOIN COUNTLESS ORGANIZATIONS, WE DO NOT WANT TO CHANGE THAT WHICH MAKES US DIFFERENT. AND WE DON'T HAVE TO CHANGE. WE CAN STILL BE INDIVIDUALS IF WE WISH.

President

Student Government Association 2000-2001

Dear Smithites,

It has been both a pleasure and privilege for me to serve as the president of your Student Government Association for the 2000-01 school year. Not only am I pleased to have held this position, but also I am ecstatic to be the first SGA president of the new century. As my term comes to an end, I would like to leave the following words of inspiration to those of you who have supported the efforts of the Student Government Association. One must embark into society and make a magnanimous IMPACT. I hope that this year's SGA board has made an IMPACT on your college experience. An IMPACT that will affect you through your time here at the university. Hopefully the IMPACT we created has been an inspiration to help you reach an echelon of peace, happiness and prosperity.

We should be so pleased to be students of this university, during its years of greatest reputation and financial standing. As students we should continue to commemorate the numerous accomplishments that our university has made. This year we were recognized as the first HBCU to implement a laptop initiative with IBM. We house the world's largest bull in or new stadium, and continue to gain support for the renovation of our university's oldest building. In short never forget your experiences here, contributions and let the spirit of God be your source of strength as we press on to attain our goals.

Pan Hellenic Council

From generation to generation the Greeks of Johnson C. Smith University have maintained an aire of unity that has endured for years. Greek life is made up of multi-dimensional organizations whose interests are far more than social. They engaged in campus and community involvement as well as providing scholarship to others in need. It is a bond of loyalty, joy, and sorrow that united brother to brother and sister to sister. These shared feelings form lasting friendships. At JCSU the greek tradition is one of uniqueness and integrity. It is through growth and maintenance that makes JCSU Greek life meaningful.

Omega Psi Phi Fraternity, Inc.

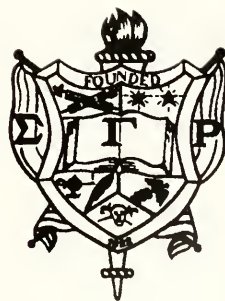

On Friday evening, November 17, 1911, three Howard University undergraduate students, with the assistance of their faculty advisor, gave birth to Omega Psi Phi Fraternity, Inc. This event occurred in the office of biology professor Ernest E. Just, the faculty advisor, and three liberal arts students were Edgar A. Love, Oscar J. Cooper, and Frank Coleman. The fraternity has emerged as one of the prestigious Black fraternities in America. Omega Psi Phi Fraternity, Inc., was the first greek letter organization of national standing to be established on Johnson C. Smith University's campus. On December 5, 1921, Rho Chapter was established and began a career on the campus which has been rewarding to many local Smithites.

Sigma Gamma Rho Sorority, Inc.

Sigma Gamma Rho was founded on November 12, 1922, on the campus of Butler University in Indianapolis, Indiana. The group became an incorporated national collegiate sorority on December 30, 1929. Seven distinguished young teachers founded Sigma Gamma Rho with the idealism that greater service resulted in greater progress. Hence, the birth of a sisterhood dedicated to its African American brothers and sisters to help provide the means that they may promote cultural awareness, educational and health programs, and recreational activities. Today, Sigma Gamma Rho has grown to over 72,000 members with over 600 chapters in the US, Bermuda, Bahamas, and the Virgin Islands. The Beta Upsilon Chapter of Sigma Gamma Rho Sorority came to JCSu in 1955 and was the first sorority in the Pan-Hellenic Council.

Phi Beta Sigma Fraternity

On January 9, 1914 under the blue skies, white stars and crescent moons of Washington, D.C. three young black men at Howard university created what would later be known as the "One and Only True Brotherhood" Phi Beta Sigma Fraternity, Incorporated. The first fraternity recognized at Howard University, Phi Beta Sigma is an organization that believes in the "exclusive we" rather than the "inclusive we." Founded on the ideals of brotherhood, scholarship, and service it has truly experienced "A Proud Past and looks forward to Progressive Future."

The infamous Alpha Epsilon chapter founded October 27, 1927 at Johnson C. Smith University can honorably say, "We have upheld the principles and ideals of our National Constitution." We firmly believe in and stress continually upholding our motto "Culture for Service and Service for Humanity."

Our Cause Speeds on its Way

Alpha Kappa Alpha Sorority, Inc.

Alpha Kappa Alpha is the oldest Greek letter organization established in America by Black college women. The record of its origin, growth and development, activities, evolving goals, and accomplishments is more than an interesting chronicle of a colored bit of college-based Americans.

It is, rather a significant and inspiring reflection of the emergence of a dynamic group in changing culture. The efforts of Alpha Kappa Alpha women in the promotion of high scholarship, vocational, and career guidance, health services, the advancement of human and civil rights, and in so many other areas constitute a priceless part of the American experience in the twentieth century.

Alpha Kappa Alpha roots date back to Howard University, Washington, D.C., where the ideas for information was conceived by Ethel Hedgemen Lyle of St. Louis, Missouri. She was viewed by the Sorority as an instrument for enriching the social and intellectual aspects of college life by providing mental stimulation through interaction with friends and associates.

Through the years, however, Alpha Kappa Alpha's function has become more complex. After her incorporation as a perpetual body in 1913, Alpha Kappa Alpha gradually branched out and became the channel through which selected college trained women improved the social and economic conditions in their city, state, nation and the world.

Today, that tradition has continued internationally, nationally and locally. Alpha Kappa Alpha cultivates and encourages high scholastic and ethical standards; promotes unity and friendship among college women; alleviates problems concerning girls and women; maintains a progressive interest in college life; and serves all mankind through a nucleus of more than 170,000 women in over 900 chapters.

Torch of Wisdom

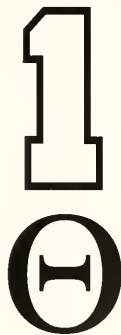

Violets

Like Violets, Deltas must be individually selected
You cannot grab a handful without damaging some of them.
They cannot be roughly picked or picked in a hurry.

Like Violets, Deltas are not the kind of flower that
Shows off its fullest beauty standing alone, but is
Naturally gregarious and looks best in natural clusters.

However, Like Violets, the Delta can stand alone and
Still reflect beauty.

Zeta Phi Beta Sorority, Inc.

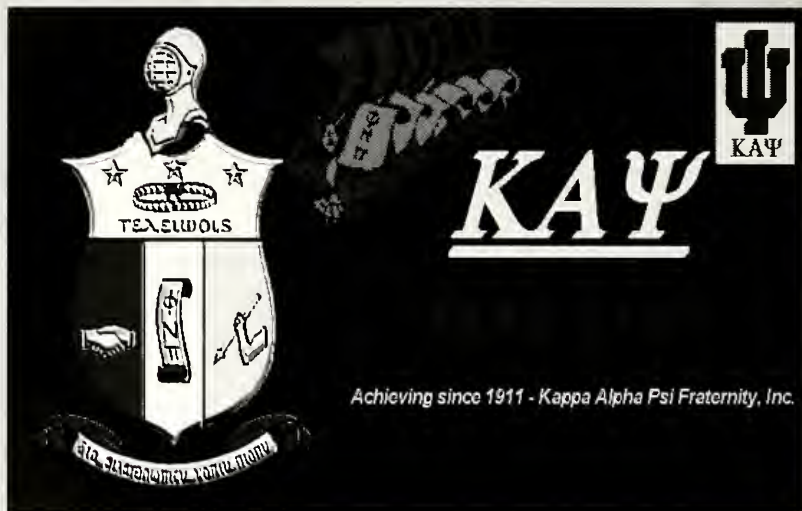

Zeta Phi Beta Sorority was founded on January 16, 1920, by five women on the campus of Howard University. It was the idea of these founders that the sorority would reach college women in all parts of the country who were sorority-minded and desired to follow the ideas and objectives of finer womanhood, scholarship, service, and sisterly love on which Zeta Phi Beta Sorority was founded. Zeta Phi Beta was the first Greek letter college sorority to organize in Africa. More than 250 undergraduate and graduate chapters are divided into nine regions in the United States and Africa. The Kappa Chapter of Zeta Phi Beta Sorority, Inc. was established on the campus of Johnson C. Smith University on November 26, 1946

Kappa Alpha Psi

Fraternity, Incorporated

Kappa Alpha Psi Fraternity was established on January 5, 1911 on the campus of Indiana University by ten enterprising Black men led by Elder Watson Diggs. Kappa Alpha Psi has chapters all over the world, including Germany, the Bahamas and South Korea. Kappa Alpha Psi was the third fraternal group to come to JCSU's campus. The Alpha Epsilon chapter was established on December 10, 1927. The Kappas made a spectacular and glamorous appearance through the famed Kappa dawn dance and other featured attractions.

Alpha Epsilon Chapter

While the role of research is increasing on our campus, the emphasis of providing the best possible instructional environment for the students are a primary concern for the President as well as the faculty and staff. The evidence of success is found in the classrooms where talented and dedicated faculty gives each and every student the personal attention and guidance he or she deserves.

Planning the Next Move

The International studies program takes you out into the world to explore other cultures and lands. It affords you the opportunity to gain understanding and knowledge through interdisciplinary courses, exchange program and travel.

Dr. Felicia Harris, Director of the Testing Center, assisted Career Services with registration during its Graduate School Fair. This is one of the many sponsored events offered each year to encourage students mainly seniors to think about their future and career decision making.

Esoso Ejoma is a junior from South Africa

Cotteka Johnson is a senior from Nassau Bahamas. She is Tutor for the Student Support Services. Here she is doing what she does best, which is making others face the challenges of making the grade.

Thinking of Graduate or Medical School!

Our very own, Ms. Linia Bowen, RHC for Duke Hall, represented Winthrop University at the graduate school fair.

The advantages of attending a graduate school fair are numerous. The opportunity to meet one on one with the representative of your choice is available. Representatives discussed the application process, financial resources, and program of study to you, and even schedule a campus visit.

The opportunity to meet other faculty and staff who are working here at university and have graduated from or attending one of the visiting university or college like Ms. Bowen at Winthrop University. The opportunity to enhance your network skills is also available.

Special Dedication

Ms. Mary Joyce Crisp

Have you ever been walking around campus and hear a little woman say, "hi honey! or how are you doing sugar?"

Joyce Crisp might be small in stature but she has a big heart. She is definitely a woman of her word and gets the job done. She can do anything, from getting a room to getting you told when you are in the wrong. Ms. Crisp always has the best interest of the students and the people she is working with at heart. In her eyes, the students always come first.

Ms. Crisp has been in the Student Union Building ever since it opening in 1965. She is the only person that I know that can tell you the ins and outs of this building. She will always put her best foot forward to help you accomplish what you want no matter where the place is located.

Joyce Crisp is a woman that is of her word, and full of independence to share with all. For all of your love, support, encouragement, and just all of your straight forwardness, we say Thank you for your 30 + years.

Office of Residence Life

Each year the Office of Residence Life as well as others take time out to re-evaluate ways in which they too can ease the transition of students from saying goodbye to mom and dad to starting a life for him or her self.

The Office of Residence Life believes that food and shelter is only one end of the continuum, which forms the rational for University housing. The other, and most important, factor involves the education of those housed.

Karen Wallace, Program Assistant, shared with the staff the importance of completing forms.

Staff in Training

It is largely through the latter functions that Residence Life has the opportunity to supplement and support the overall mission of the University. We believe that life in the residence halls should aid the positive development of those who reside there and should figure actively in the production of academically and culturally wholeness rather than fragmented individuals.

Mr. Patrick Day, Assistant Vice President for Student Affairs talked to the Staff on Judiciary matters

Syeetah Hampton - El

Well, once again I'm thanking the student body for giving the Yearbook Staff and myself a chance to capture history. This year we have overcome great obstacles to put an exciting and captivating yearbook together. This 2001 book was made possible due to the HARD WORK of the advisor Mrs. Varsty Muhammad. I must say that in the past we the staff put in long hours, but this year it was her. She insured that we completed the book and worked within our deadlines and means to maintain the standards set forth in previous years.

So, instead of my letter to the students to say thank you, this is really for Mrs. Muhammad. Thank you for believing in the staff, the editors and the students. Also, thank you for putting in LONG HOURS to complete a yearbook which reflects our 2000-2001 school year. This is my last year working with you. thank you for making it my best year.

Speical Thanks to Elaine Jones, Duron Blount, Leonard Haynes and others who also assisted in pulling it all together to capture "The Next Generation of Excellence."
